Handwritten text, likely bleed-through from the reverse side of the page. The text is faint and mostly illegible due to fading and the age of the paper. Some words are difficult to decipher but appear to be in a cursive or semi-cursive script.

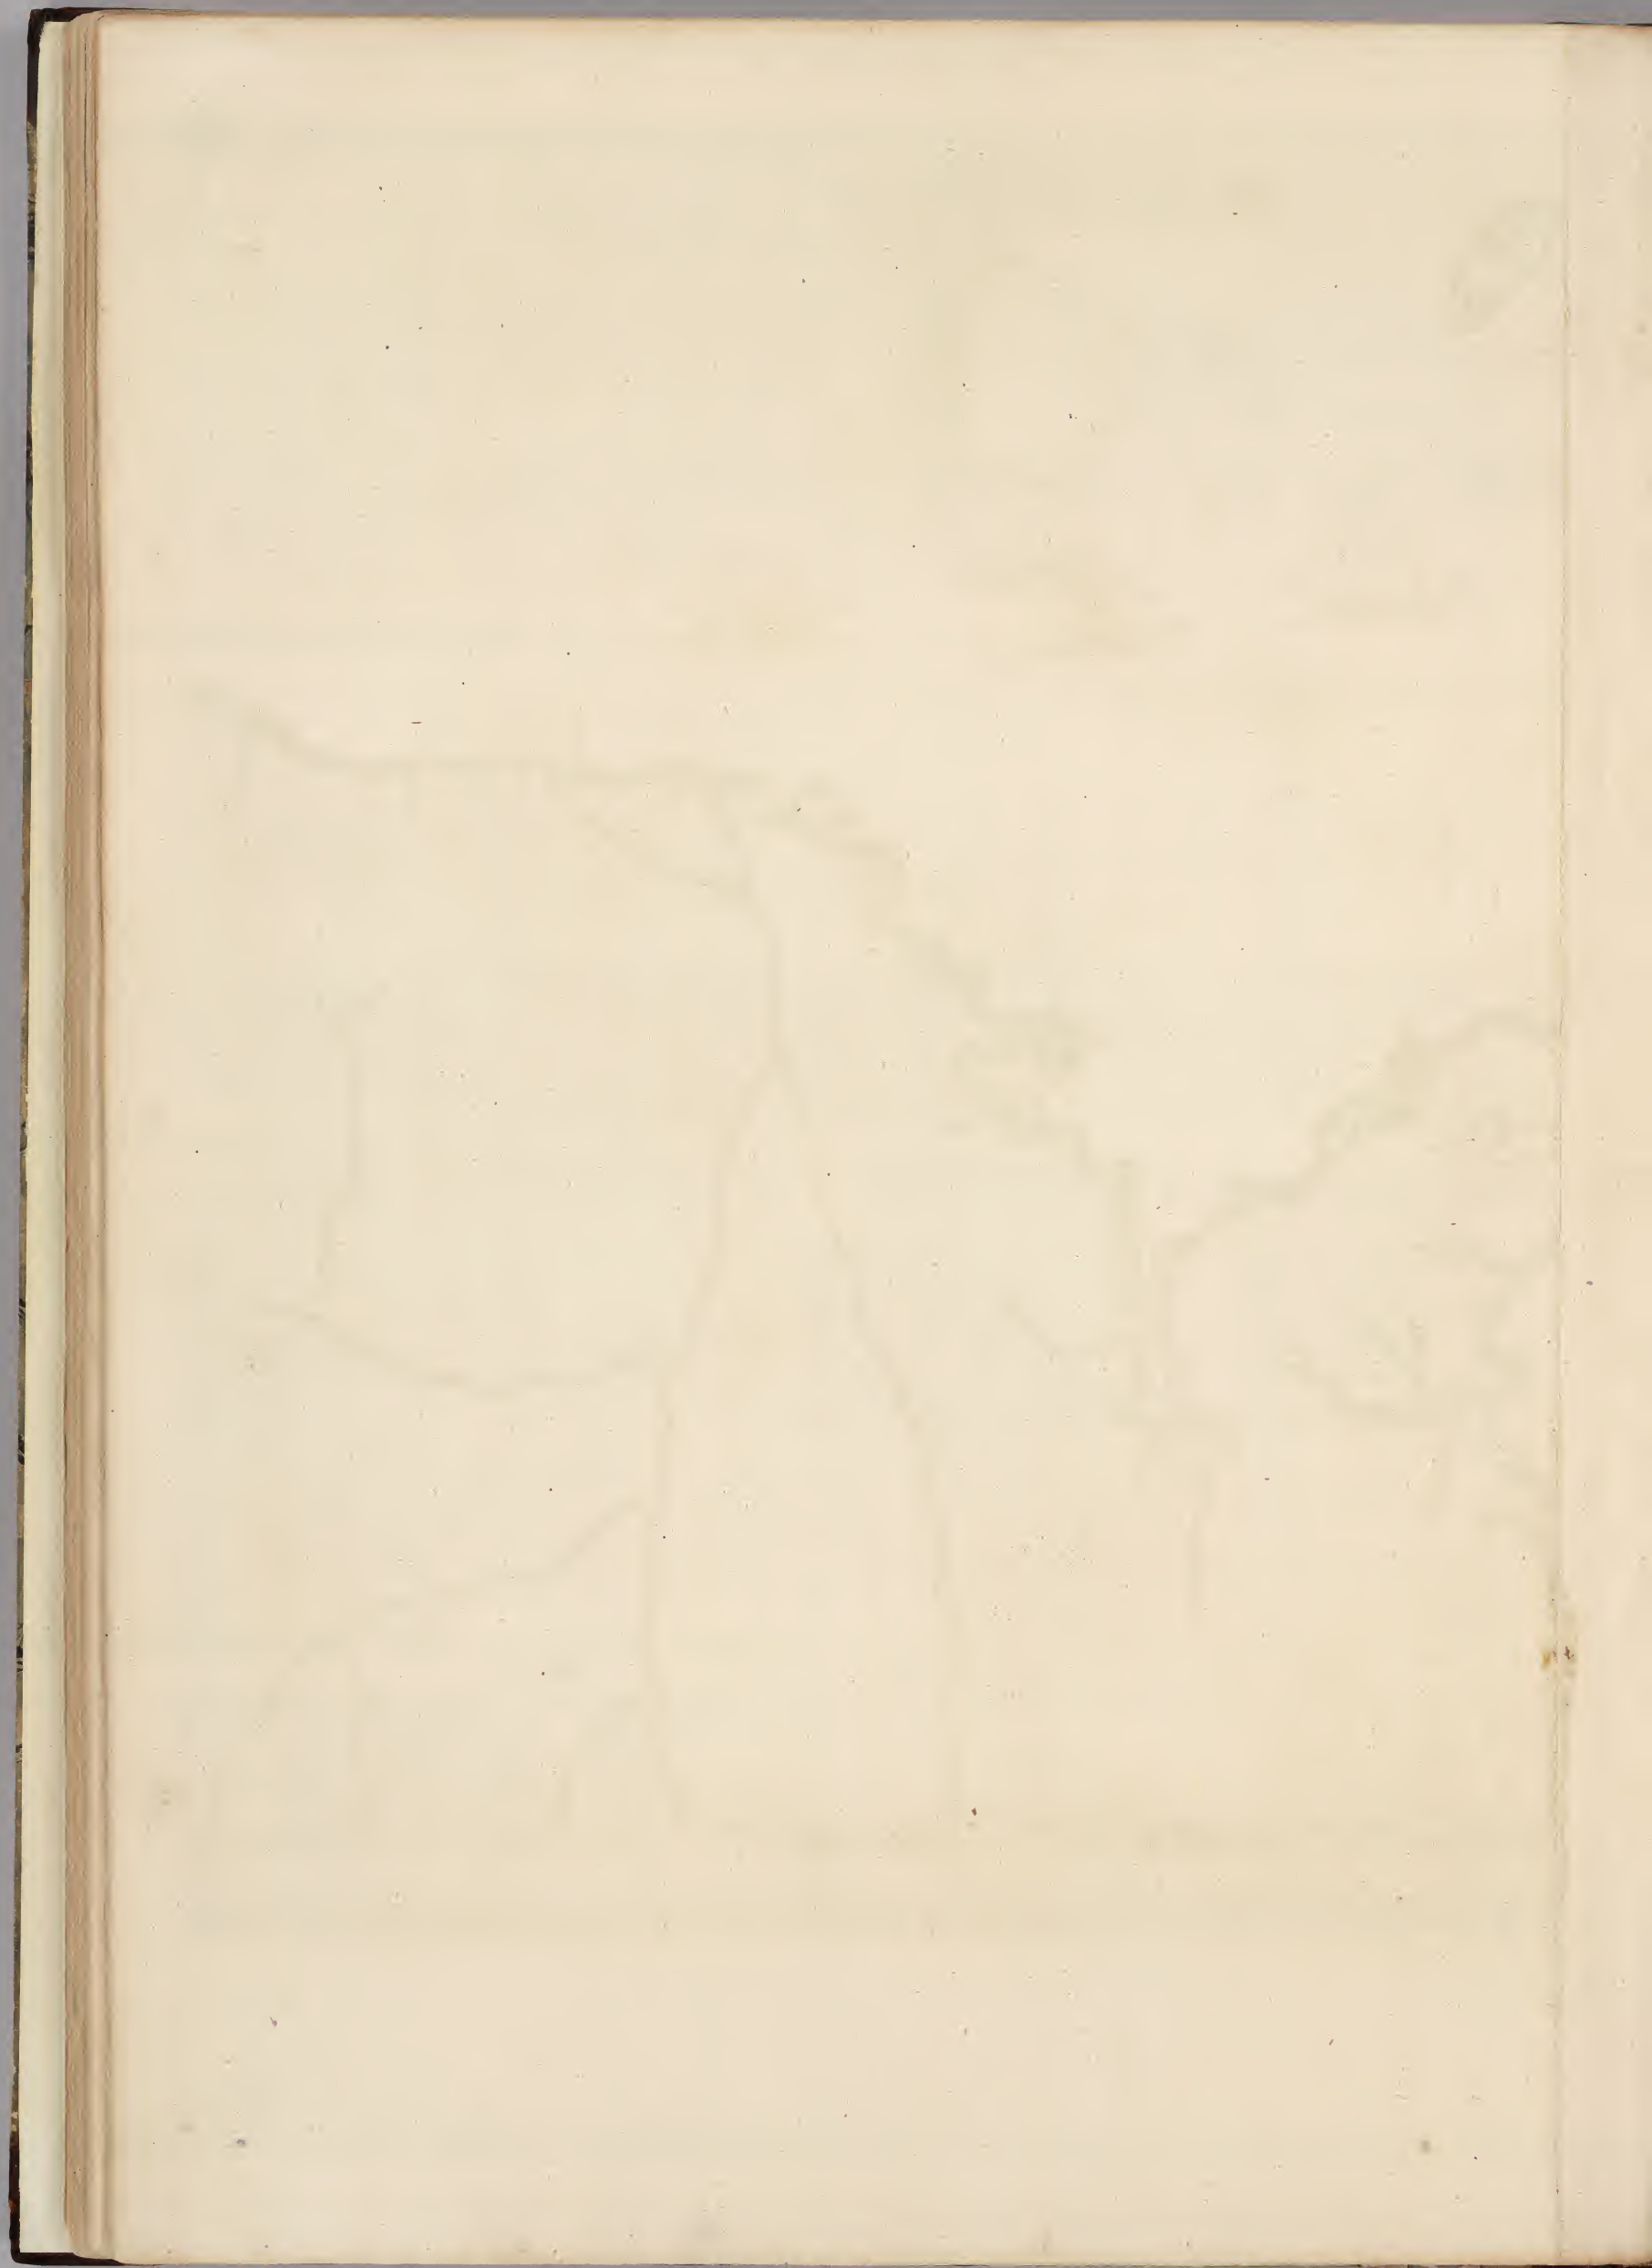

*S<sup>t</sup>. Charles Wager's Engagement with the Fleet of Spanish Men of War and Galeons off of Cartagena. § 28<sup>th</sup> of May 1707, where the Spanish Admiral blew up, the Rear Adm<sup>l</sup>. was taken, and the rest being 14 Sail made their Escape.*

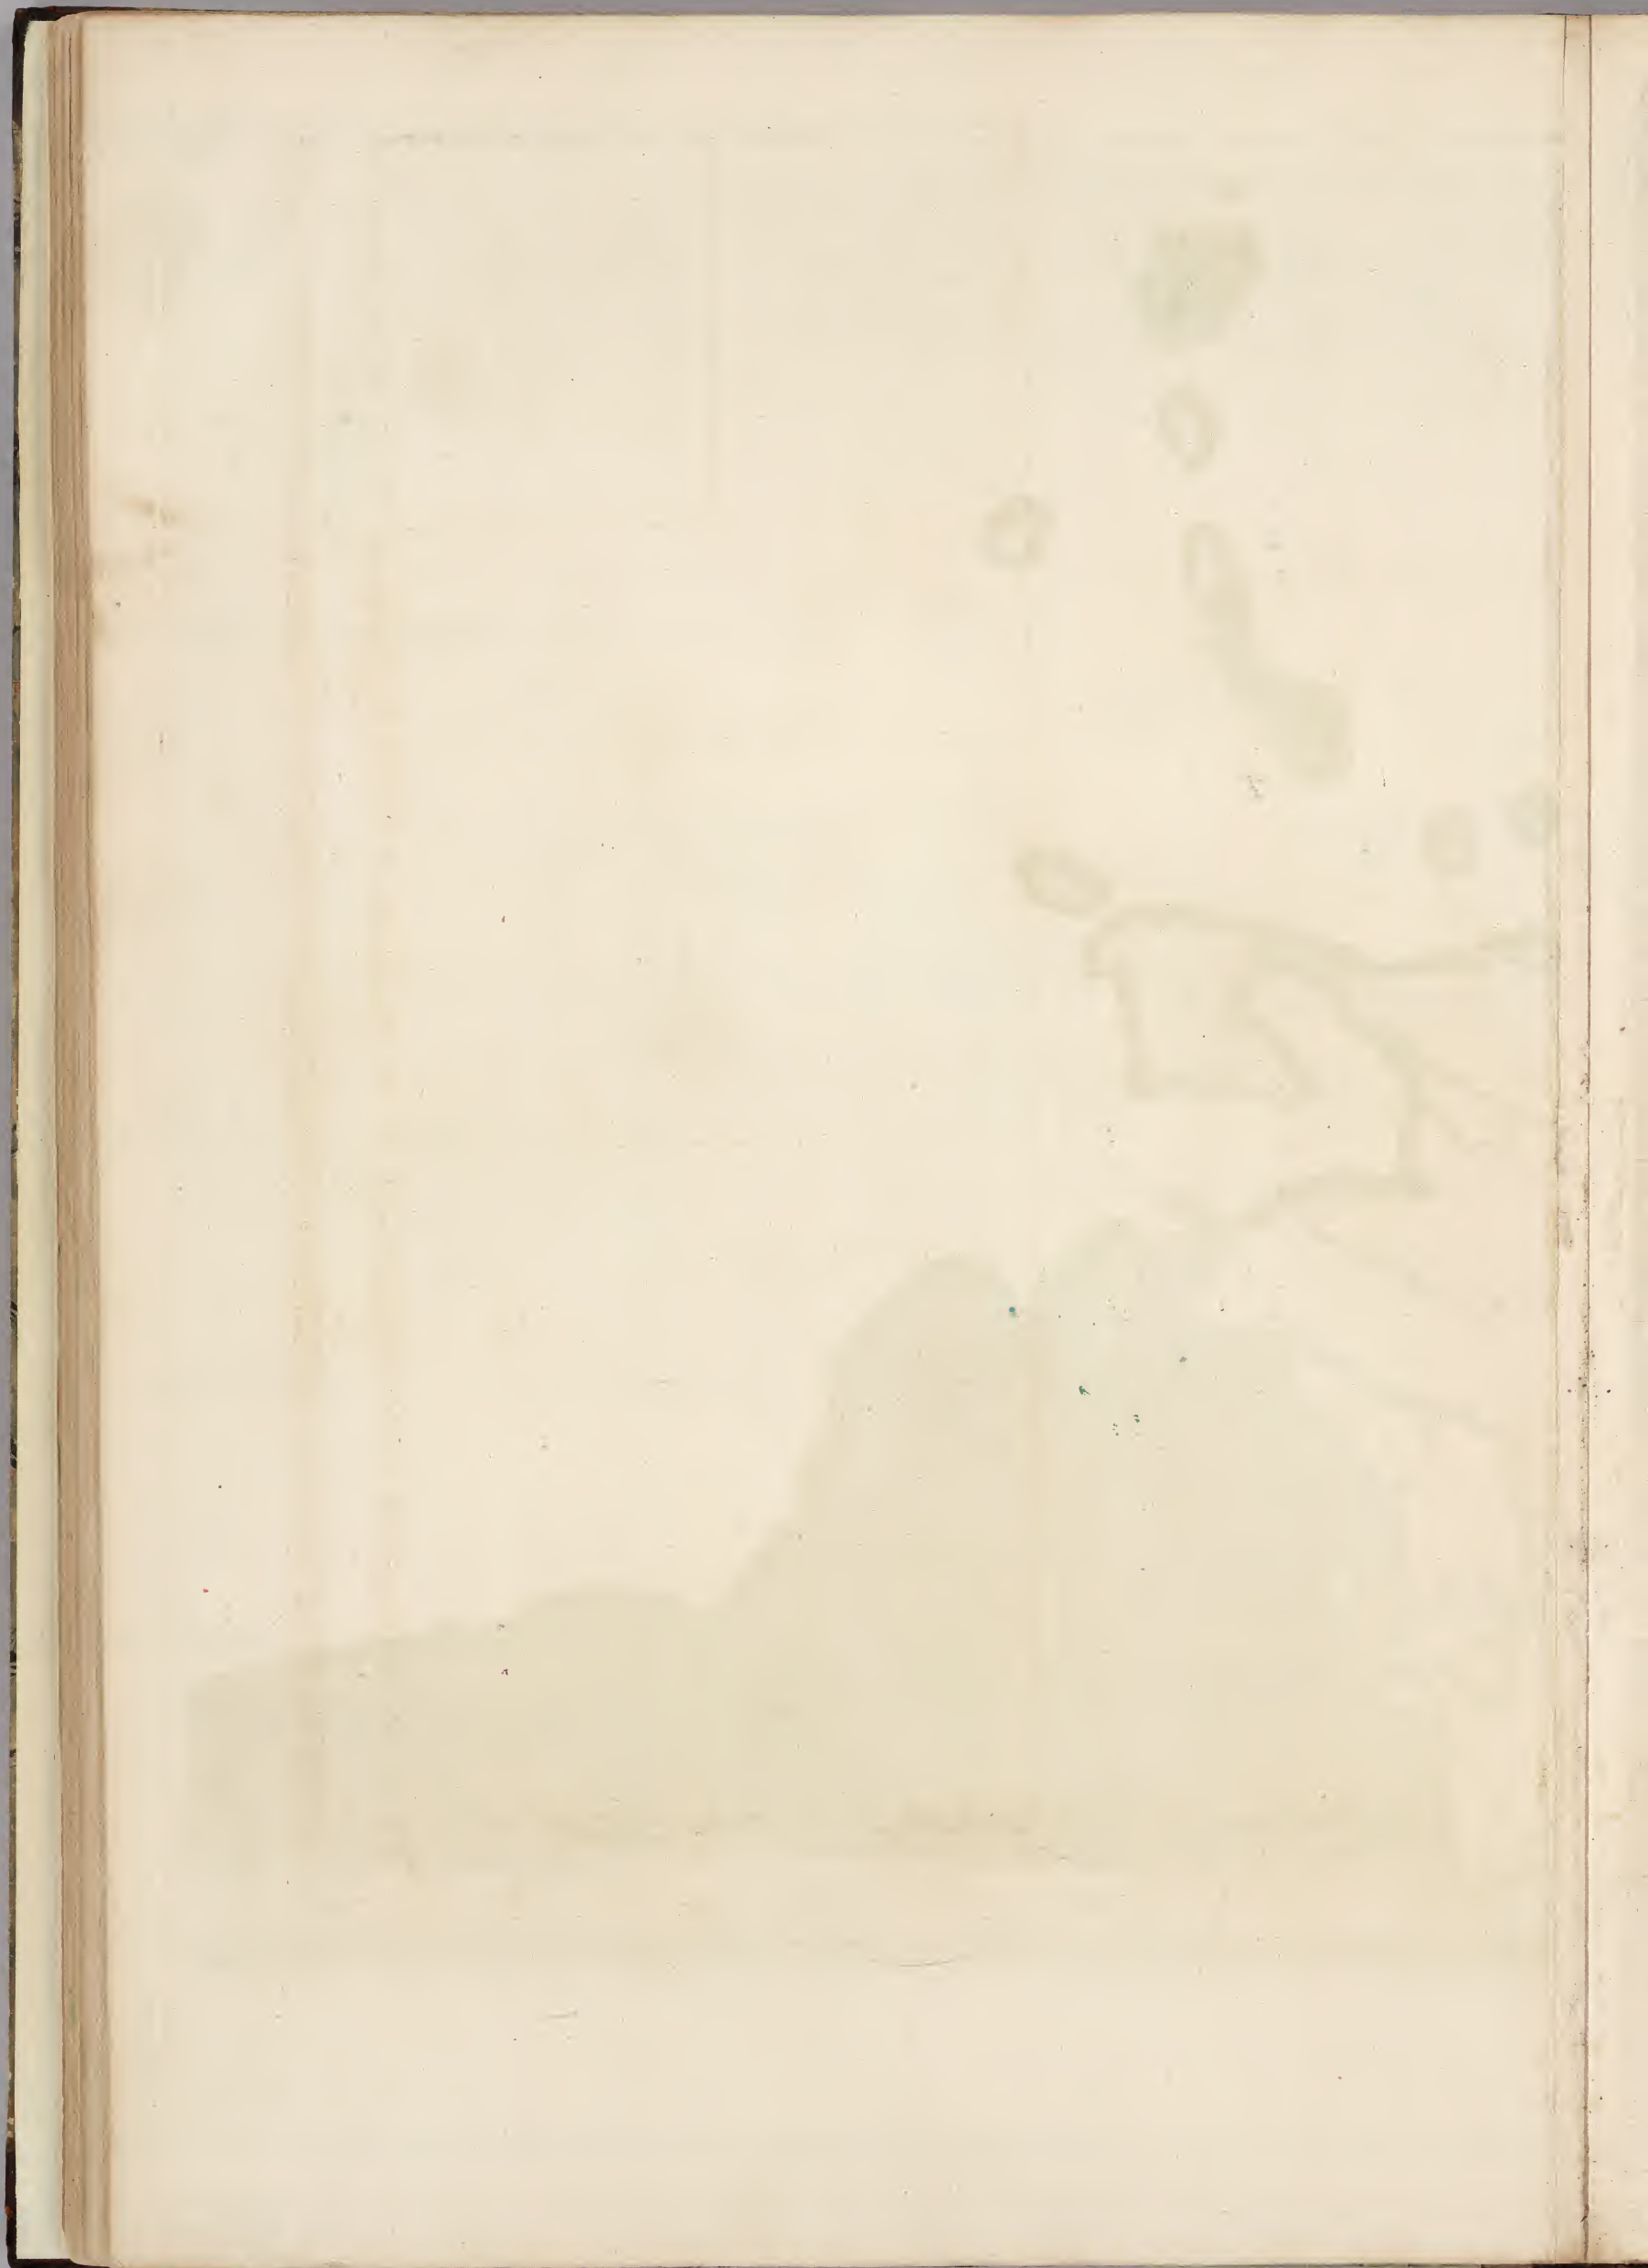

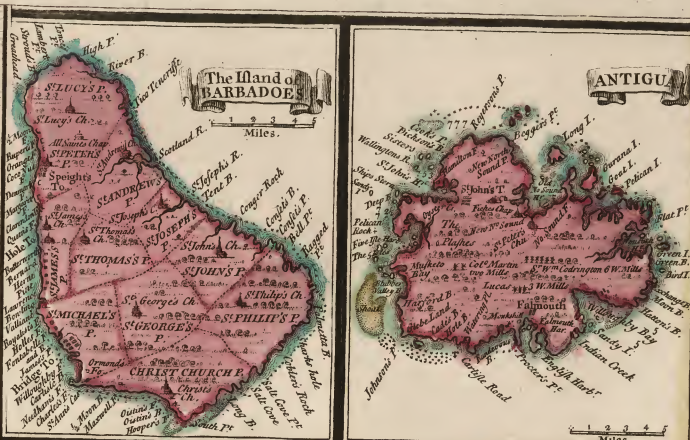

Mr. *POPPL*E undertook this MAP with the Approbation of the Right Honourable the LORDS COMMISSIONERS of TRADE and PLANTATIONS; and great Care has been taken by comparing all the Maps, Charts, and Observations that could be found, especially the *Authentick Records & Actual Surveys* transmitted to their LORDSHIPS, by the Governors of the *Briish Plantations*, and Others, to correct the many Errors committed in former Maps, and the Original Drawing of This having been shewn to the Learned Dr. *EDMUND HALLEY*, Professor of *Astronomy* in the University of *Oxford*, and F.R.S. he was pleased to give his Opinion of it in the Words following;

*I have seen the abovementioned Map, which as far as I am Judge, seems to have been laid down with great Accuracy, and to shew the Position of the different Provinces & Islands in that Part of the Globe more truly than any yet extant.*

Edmund Halley.
